do hereby solemnly and sincerely declare as follows:

1. **Our identities.** We are the persons named above. The facts stated in this declaration are within our own personal knowledge and are true to the best of our knowledge and belief.

2. **The Work.** The Work is a computer software system known as **Huru SMS**, a multichannel SMS and web citizen information and guidance system for Tanzania, version 1.0, consisting of its concept and written content, its visual and interaction designs, and its computer program comprising 112 original source files of 7,991 lines of code written in PHP (on the Laravel framework), HTML, CSS, JavaScript and JSON, together with its system design and architecture documentation and its innovation documentation.

3. **Authorship and creation.** We personally conceived, designed, authored and developed the Work: the first declarant originated the concept, the name "Huru SMS", the service design and the written content of the Work; the second declarant created the screen designs, visual identity and conversation designs of the Work and wrote the whole of its source code. The Work was made in Dar es Salaam, United Republic of Tanzania, and was completed in October 2026.

4. **Originality.** The Work is our own original creation and we are its true and only makers. It was independently conceived and independently written by us. 5. **Third-party components.** The Work makes use of third-party open-source software libraries (including the Laravel framework and the packages referenced in the files **composer.json** and **package.json** of the Work) strictly under and in accordance with their respective open-source licences. Those libraries are the property of their respective authors; they are not reproduced in the deposited source code listing and no claim of authorship or ownership is made over them. Every part of the Work claimed in this application was written by us.

6. **No adverse claims.** No person has claimed, and we are not aware of any ground on which any person could claim, that the Work or any part of it infringes the copyright or any other right of any person, and no litigation, dispute or demand concerning the Work is pending or threatened.

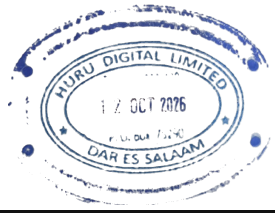

7. **Ownership.** By three written contracts each made on 12 October 2026 (an Author's Contract, a Creator's Contract and a Developer's Contract, executed copies of which form Parts E to G of this compilation), we assigned the economic rights in our respective contributions to the Work to **HURU DIGITAL LIMITED**, a company incorporated in Tanzania under the Companies Act, Cap. 212, with registration number 151790429, of Mlalakuwa Street, Makongo Ward, Kinondoni District, P.O.
